(1) Includes a \$1.7 million impairment charge recognized on one property during the three months ended June 30, 2020.

(2) Includes two properties classified as held for sale of \$18.2 million and 372,448 square feet.

Second Quarter Activity:

- **Collected 98% of cash rents owed during the second quarter:** We collected 98% of cash rents due during April, May and June during the COVID-19 global pandemic; (remaining 2% of cash rents were rent deferrals to be paid in full no later than March 2021);
- **Renewed leases:** Renewed four leases totaling 113,000 square feet with remaining lease terms ranging from 1.3 to 11.6 years;
- **Leased vacant space:** Leased 17,000 vacant square feet to our anchor tenant in one of our Columbus, Ohio properties;
- **Repaid debt:** Repaid \$5.9 million in fixed rate mortgage debt with an interest rate of 6.00% and repaid \$12.1 million of variable rate mortgage debt at a weighted average rate of LIBOR plus 2.25%;
- **Issued common stock under ATM program:** Issued 25,800 shares for net proceeds of \$0.5 million;
- **Issued Series E Preferred Stock under ATM program:** Issued 86,600 shares for net proceeds of \$1.9 million; and
- **Paid distributions:** Paid monthly cash distributions for the quarter totaling \$0.37545 per share on our common stock, \$0.4374999 per share on our Series D Preferred Stock, \$0.414063 per share on our Series E Preferred Stock, and \$0.2625 per share on our senior common stock.

Second Quarter 2020 Results: Core FFO available to common shareholders and Non-controlling OP Unitholders for the three months ended June 30, 2020, was \$14.2 million, or \$0.41 per share, a 3.3% increase when compared to the three months ended March 31, 2020. Core FFO increased primarily due to a decrease in interest expense from the debt repaid during Q2 2020 as well as a decrease in the LIBOR rate. This was partially offset by a decrease in rental income from properties that went vacant after Q1 2020.

Net loss attributable to common stockholders and Non-controlling OP Unitholders for the three months ended June 30, 2020 and the three months ended March 31, 2020, was \$1.9 million and \$0.6 million, or \$(0.06) and \$(0.02) per share, respectively. A reconciliation of Core FFO to net loss for the three months ended June 30, 2020 and March 31, 2020, which we believe is the most directly comparable GAAP measure to Core FFO, and a computation of basic and diluted Core FFO per weighted average share of common stock and Non-controlling OP Unit and basic and diluted net loss per weighted average share of common stock and Non-controlling OP Unit is set forth in the Summary Information table above.

Subsequent to the end of the quarter:

- **Collected 99% of July cash rent:** Collected 99% of July cash rent owed;
- **Renewed leases:** Renewed the lease in our Richmond, Virginia building for an additional six years, with a new lease expiration date of September 30, 2026;
- **Sold properties:** Sold our Maple Heights, Ohio property as part of our capital recycling strategy for \$11.4 million, resulting in a net gain of \$1.2 million;
- **Repaid debt:** Repaid the \$4.0 million variable rate debt on our Maple Heights, Ohio property;
- **Issued common stock under ATM program:** Issued 85,000 shares for net proceeds of \$1.6 million;
- **Issued Series E Preferred Stock under ATM program:** Issued 67,200 shares for net proceeds of \$1.5 million; and
- **Declared distributions:** Declared monthly cash distributions for July, August and September 2020 totaling \$0.37545 per share on our common stock, \$0.4374999 per share on our Series D Preferred Stock, \$0.414063 per share on our Series E Preferred Stock, \$0.375 per share on our Series F Preferred Stock, and \$0.2625 per share on our senior common stock.

Comments from Gladstone Commercial's President, Bob Cutlip: "Our financial results reflect consistent performance and stabilized revenues from our tremendous same store property occupancy, rent collection and growth, accretive real estate investments made during 2019 and the first half 2020, and our ability to renew tenants as well as our deleveraging and capital recycling programs. We had an outstanding start to 2020, by investing \$71.7 million in five industrial assets in our target markets at accretive cap rates, building off the momentum of the fourth quarter 2019 where we invested \$62.4 million in nine industrial assets. We have continued our capital recycling program, whereby we have sold non-core assets and used the proceeds to de-lever our portfolio as well as acquire properties in our target growth markets. We have successfully exited two non-core assets so far during 2020, recognizing a net capital gain of \$1.2 million. We will continue to opportunistically sell non-core assets and redeploy the proceeds into stronger target growth markets. While we expect to face challenges due to the COVID-19 pandemic, we feel strongly about the depth of our tenant credit underwriting. We have collected over 98% of second quarter cash rents and 99% of July cash rents. We anticipate our tenants will successfully navigate the current economic climate and will be able to continue operating successfully when operating restrictions are lifted and economic normalcy

improves. We are in good standing on our Credit Facility and expect to continue to have access to the debt and equity markets, as necessary, for added liquidity. We are extremely pleased with our solid performance over the last several years. We believe our same store rents, which have increased by 2% annually in recent years, should be stable and rising as we continue our growth. We will continue to primarily focus on investing in our target markets with an emphasis on industrial properties and actively managing our portfolio. We are looking forward to continued growth and success for our shareholders."

Non-GAAP Financial Measures:

FFO: The National Association of Real Estate Investment Trusts ("NAREIT") developed FFO as a relative non-GAAP supplemental measure of operating performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. FFO, as defined by NAREIT, is net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and impairment losses on property, plus depreciation and amortization of real estate assets, and after adjustments for unconsolidated partnerships and joint ventures. FFO does not represent cash flows from operating activities determined in accordance with GAAP and should not be considered an alternative to net income as an indication of its performance or to cash flow from operations as a measure of liquidity or ability to make distributions. Gladstone Commercial believes that FFO per share provides investors with an additional context for evaluating its financial performance and as a supplemental measure to compare it to other REITs; however, comparisons of its FFO to the FFO of other REITs may not necessarily be meaningful due to potential differences in the application of the NAREIT definition used by such other REITs.

Core FFO: Core FFO is FFO adjusted for certain items that are not indicative of the results provided by Gladstone Commercial's operating portfolio and affect the comparability of the company's period-over-period performance. These items include the adjustment for gains or losses from early extinguishment of debt and any other non-recurring expense adjustments. Although Gladstone Commercial's calculation of Core FFO differs from NAREIT's definition of FFO and may not be comparable to that of other REITs, the company believes it is a meaningful supplemental measure of its operating performance. Accordingly, Core FFO should be considered a supplement to net income computed in accordance with GAAP as a measure of our performance.

Gladstone Commercial's presentation of FFO, as defined by NAREIT, FFO adjusted for comparability, or presentation of Core FFO, does not represent cash flows from operating activities determined in accordance with GAAP and should not be considered an alternative to net income as an indication of its performance or to cash flow from operations as a measure of liquidity or ability to make distributions.

The statements in this press release regarding the forecasted stability of Gladstone Commercial's income, its ability, plans or prospects to re-lease its unoccupied properties, and grow its portfolio are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements inherently involve certain risks and uncertainties, although they are based on Gladstone Commercial's current plans that are believed to be reasonable as of the date of this press release. Factors that may cause actual results to differ materially from these forward-looking statements include, but are not limited to, Gladstone Commercial's ability to raise additional capital; availability and terms of capital and financing, both to fund its operations and to refinance its indebtedness as it matures; downturns in the current economic environment; the performance of its tenants; the impact of competition on its efforts to renew existing leases or re-lease space; and significant changes in interest rates. Additional factors that could cause actual results to differ materially from those stated or implied by its forward-looking statements are disclosed under the caption "Risk Factors" of its Form 10-K for the fiscal year ended December 31, 2019, as filed with the SEC on February 12, 2020, and other reports filed with the SEC. Gladstone Commercial cautions readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Gladstone Commercial undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.
